Remunerative price to farmers

4008. SHRI BALAVANT *ALIAS* BAL APTE:
SHRI SHREEGOPAL VYAS:

Will the Minister of AGRICULTURE be pleased to state:

(a) whether the farmers made a record production despite devasting floods and severe drought last year;

(b) whether the farmers incurred heavy losses owing to non-procurement of their produce at fixed prices in several parts of the country;

(c) whether Government are aware that the farmers were on the verge of starvation and some of them even committed suicide; and

(d) if so, the details thereof, State-wise and the steps being taken by Government to ensure remunerative price to the farmers for their produce?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI KANTI LAL BHURIA): (a) Despite the fact that four States recorded excessive rainfall and 13 States/UTs recorded deficient rainfall during Monsoon, 2006 farmers brought significant increase particularly, in production of total food grains, oilseeds, cotton, jute and sugarcane during last year (2005-06) compared to the previous year.

(b) to (d) Food Corporation of India (FCI) and designated Central and State agencies used to procure agricultural produce from farmers at the Minimum Support Price (MSP) in order to offer remunerative prices and to check distress sale. With the amendment of the Agricultural Produce Marketing Committee (APMC) Act, the farmers now have more options to sell their produce to the prospective buyers at a higher price.

Incidence of farmers committing suicide have been reported in certain parts of the country and it has been matter of serious concern. State/U.T. Governments have reported various reasons like crop failure, indebtedness, drought, social and economic insecurity of farmers for the same. As per the information provided by the states, a statement showing cases of suicide by farmers in States is Annexed (*See* below).

Government have advised FCI, designated agencies and the State to Governments to open sufficient number of purchase centres and give wide publicity through print and audio-visual media, village fairs, panchayats,

Krishi Vigyan Kendras, thereby informing farmers about the MSP operations, location and facilities provided at the purchase centers. Further, special control rooms are set up by the FCI, State Governments and Ministry of Food & Public Distribution to monitor the support price operations.
